

## **Health & Safety Statement**

When coaches are putting out nets (11th grade and up) check goals are still pegged down, if not go to the BBQ and speak to a Duty Committee Member.

Make sure No players are swinging on goals, at practise and game day.

Make sure all goals are locked up when finished with them. If there is any damage please advise the club via email for urgent attention.

Corner flags, make sure players are not using them as throwing spears.

Key to open the gate for an ambulance is on the keys with the ride on.

Any player taken to A&E, or hospital via ambulance, must fill in a incident form, located in the folder at the BBQ, and/or email the club for a form to fill in.

If a child suffers any serious injury that requires medical attention, please request a medical cert before they play a game. This is for their safety.

Drones/UAVs. No member is to operate drones over playing fields, as this is both for H&S and privacy reasons. (if for specific reason, ie: filming for marketing reasons, please apply to the committee) If non- members are operating drones over playing fields in play please ask them to stop immediately and notify the police.

All coaches in boot grade have a basic first aid kit in their gear bags. If there is anything that needs replacing please email the club.

Main first aid kit is located at the BBQ on the field, If BBQ is not running it will be on the trailer. There is more ice packs in the freezer in the shed. Please email the club of anything that needs replacing straight away.

**Anything you feel is unsafe or a concern please email the club, [waipunafc@gmail.com](mailto:waipunafc@gmail.com).**
